-Nil-

6 Remarks: Since the implemetation of Antimosquitto measures within the Coondapoor Panchayat since 1/12/1953 the mosquito nuisance has very much decreased. Every mosquito breeding place was tackled and a good number of katcha drains and stagnations were eliminated. Unavoidable stagnations, cess-pools, cisterns, unused wells etc, are regularly sprayed once in a week with 1% Gammexane (Wetttable). Pestia and other vegetation growths from irrigation tanks etc, were systematically removed and burried. The public appreciate the effective antimosquitto measures adopted by this Panchayat.

7 Expenditure statement: Enclosed.

14/5/55
